Helpful Hint (HUD Guidance) on Dwelling Size (# of Bedrooms)

Suitable Dwelling Size: The dwelling unit must have at least one bedroom or living/sleeping room for each two persons. (1) Children of opposite sex, other than very young children, may not be required to occupy the same bedroom or living/sleeping room. (2) If household composition changes during the term of assistance, recipients and subrecipients may relocate the household to a more appropriately sized unit. The household must still have access to appropriate supportive services. (24 CFR 578.75)
